

HAVE YOUR SAY

We are looking for creative, local people to join the **Community Health Voices** group for our local primary care network.

Surbiton Health Centre primary care network is made up of the following local GP practices who are working together:

Central Surgery
Langley Medical Centre
Brunswick Surgery

If you have been to one of these GP practices as a patient, relative or carer, we would like to hear from you.

Your experiences and ideas matter and by working with us, you can help us make decision about how we run our services.

If you are interested in joining Surbiton Health Centre primary care network's Community Health Voices group, please contact:

[Laura.Langton@NHS.NET

&
